*To the Department of Health for Scotland and the County  
Council of the County of Dunbarton.*

LADIES AND GENTLEMEN,

I beg to submit the Annual Report on the Medical  
Inspection and Treatment of School Children for the year  
ended 31st July, 1957.

I am, Ladies and Gentlemen,

Your obedient servant,

SAMUEL HARVEY,  
*Medical Officer of Health.*

COUNTY HEALTH DEPARTMENT,  
88 COLLEGE STREET,  
DUMBARTON.

# COUNTY COUNCIL OF DUNBARTON

## *SCHOOL MEDICAL STAFF*

### *Supervising School Medical Officer*

SAMUEL HARVEY, M.B., Ch.B., D.P.H., M.R.C.P.(Edin.)

### *School Medical Officers*

IAIN MACLEOD, M.B., Ch.B., D.P.H.

CHARLES C. SLORACH, M.B., Ch.B., D.P.H. (part-time).

AGNES W. B. F. O'GORMAN, L.R.C.P., L.R.C.S.(Edin.),  
L.R.F.P.S.(Glas.), D.P.H.

HAROLD C. T. SMITH, M.B., Ch.B.

JEAN A. EADIE, M.B., Ch.B. (part-time).

### *Chief Dental Officer*

FELIX A. CASSIDY, L.D.S., D.D.S.(McGill).

### *Dental Surgeons*

ELIZ. McKENDRICK,  
L.D.S.

MARY W. DINN, L.D.S.

DOROTHY EDWARD,  
L.D.S.

RICHARD DOCHERTY,  
L.D.S.

HAROLD STOLL, L.D.S.

STANLEY W. BUNTING,  
L.D.S.

JAMES H. FERGUSON, L.D.S.

HELEN M. GALE, B.D.S.

SYBIL MUIRIE, L.D.S.

THOMAS Y. MEEK, L.D.S.

### *Senior Dental Technician*

JAMES FYFE.

### *Ophthalmic Surgeon*

JAMES N. TENNENT, M.B., Ch.B., B.Sc., D.O.M.S., F.R.F.P.S.

### *Ear, Nose and Throat Specialist*

J. FULTON CHRISTIE, M.B., Ch.B., F.R.F.P.S.

### *Anæsthetists*

A. FERGUS McINTYRE, M.B., Ch.B.

H. P. COOPER HARRISON, M.B., Ch.B.

### *Superintendent Physiotherapist*

MORAG T. GALLOWAY.

*Physiotherapists*

AGNES McF. MALCOLM.      JEAN S. A. HOWATT.  
 ELIZ. M. Y. McNICOL.      GEO. MARSHALL (part-time).

*Superintendent of Nurses*

CATHERINE T. GAVIN.

*Nursing Staff*

ELEANOR I. CHRISTIE.	JANE P. SCOTT.*
KATH. S. STEVENSON.	ELSIE M. RANKIN.
ALICE GEE.	JEAN P. McHAFFIE.
MARGT. W. CHRISTIE.	ELIZ. T. CRAWFORD.
AGNES C. JOHNSTON.*	AGNES TAYLOR.*
CHRISTINA S. L. KING.	ELIZ. A. SANDILANDS.
MARGARET CALLANDER.	MARGT. M. MACDONALD.
MARGARET G. MILLER.	CATHERINE DEMPSEY.
MARY CALLAGHAN.	ANNIE McCANN.
EVELYN R. McLETCHIE.	EMMA B. SMITH.
CATHERINE M. SCOBIE.	CATHERINE ALLISON.*
WILLIAMINA CAFFEL.	

\*Employed solely on School Medical Duties.

*Audiometrician*

CHRISTINA P. ROGERS.

*Orthoptist*

WINNIFRED M. McALISTER.

*Dental Attendants*

ANNIE J. RAE.	CHRISTINE MACNAUGHTON.
ANN McL. CAMERON.	MARJORIE E. P. GARDNER.
MARGARET CAMERON.	MARTHA W. KINLOCH.
MARY B. GUTHRIE.	MARGARET BOYLE.
MARGARET SAMSON.	

*Orthopædic Clinic Attendant*

MARGARET C. BLACK.

*Clerks (part-time)*

ELIZABETH A. McLEAN.	ELIZABETH MACFARLANE.
MARY BALLANTINE.

## NUMBER OF SPECIAL VISITS BY MEDICAL OFFICERS.

For examination of backward, mentally or physically defective children	-	-	-	-	-	-	-	43
For re-examination of defective children	-	-	-	-	-	-	-	18
Attendances at school clinics	-	-	-	-	-	-	-	316
Attendances for office work, &c.	-	-	-	-	-	-	-	22
For inquiry regarding infectious diseases (including scabies)	-	-	-	-	-	-	-	3
Diphtheria immunisation	-	-	-	-	-	-	-	41
Others	-	-	-	-	-	-	-	119
								<hr/> 562 <hr/>

## SANITARY CONDITIONS OF SCHOOLS.

During the Annual Inspection of properties, the Committee examined the lavatories at many of the schools, and satisfaction was expressed with the manner in which these are being kept by the respective Janitors. As in former years approval was given to replace all defective or broken W.C. pans, cisterns, wash-hand basins, drinking fountains, &c., and a fairly extensive programme of painter work and limewashing of toilet apartments was carried out. The Committee also sanctioned an increased expenditure on the redecoration of our School Buildings, and a considerable number of classrooms were washed down during the vacation periods.

In Clydebank area new lavatories were erected for infant pupils at Our Holy Redeemer's R.C. School.

## ORGANISATION AND ADMINISTRATION.

For Organisation and Administration, &c., and Co-operation with Public Health Department, Section A, B, C, D, E and F, see pages 9 to 15 of the Annual Report, 1948-49.

## PARENTS PRESENT AT INSPECTION.

<i>School Management Area.</i>	<i>Number of Children Examined.</i>	<i>No. of Parents Present at Routine Examinations.</i>	<i>Per Cent.</i>
Cumbernauld - -	266	151	56.7
Kirkintilloch - -	1084	546	50.3
New Kilpatrick - -	637	362	50.7
Old Kilpatrick - -	2737	1459	54.0
Dumbarton - -	1738	778	44.7
Vale of Leven - -	1215	509	41.8
Helensburgh - -	611	205	33.5
Total -	8288	4010	48.3

## GENERAL REVIEW.

Routine inspection was carried out on 8288 children—an increase of 427 from last year's total.

The number of children examined non-routinely, i.e., at clinics mainly, was 1838.

Four thousand and ten parents were present at the routine examinations.

## PHYSICAL CONDITION.

The percentage of children found to be free from all defects on routine school examination was 56.2, as against the previous session's figure of 53.8. The percentage of children free from defects in the different age groups was as follows:—

Entrants - - -	49.0
Second Age Group - - -	58.9
Third Age Group - - -	66.3
Fourth Age Group - - -	60.9

In Table I the number of children who were found to be requiring treatment (excluding uncleanness and dental caries) and whose parents were so advised was 425, 303 less than last session.

76.0 per cent. of the children examined had already been immunised against diphtheria.

## DEFECTS AND DISEASES.

*Clothing.*—During the session 5 children were found to have unsatisfactory clothing.

*Footgear.*—5 cases of unsatisfactory footgear were noted.

*Uncleanliness.*—The percentage of children found to be in a verminous condition of head and/or body shows a decrease from 1955-56—3.5 per cent. as compared with 4.1 per cent. 6.0 per cent. of girls examined were in this category as against 1.0 per cent. of the boys.

*Skin Diseases.*—5 cases of impetigo of the head were found. a decrease of 14 from last year's total.

*Nutrition.*—8 children were noted as suffering from bad nutrition. This is an increase of 4 from last year.

In the special eye examination of the 1949 age group. 87.7 per cent. had normal vision.

## SCHOOL DENTAL SERVICE.

## ANNUAL REPORT, 1956-57.

The Statistical Table on page 18 gives the amount of Dental Treatment carried out for the school children. Also recorded this year under the heading of "Additional Information" are some of the more important items of treatment formerly hidden in the Statistical Table under "Other Operations."

Since the imposition of a charge for dentures under the National Health Service there has been an ever-increasing number of Expectant and Nursing Mothers seeking treatment at the Clinics mainly for the extraction of teeth and the provision of dentures. This has caused an encroachment on the time allotted for the treatment of school children.

There appears to be further evidence for the statement made last year that dental decay would appear to be more rapid in its destructive action now than some years ago—this appears

especially to the four "six year old" molar teeth and to the lower molars in particular.

There is great need for more Dental Research at a National level, and it is stimulating to learn of the recent dental research projects being carried out in America. I had an opportunity to hear of these at first hand when during the summer school closure I attended the Annual Meeting of the American Dental Society of Europe held in London. With the use of modern scientific methods, e.g., radio isotopes, many of our previous ideas as to the behaviour of the components of the teeth have had to be altered. Some progress has also been made in solving the problem of the rapidity of dental decay in childhood against its much slower action in the teeth of adults.

Again research on animals has shown that heat processed foods and a component of dried milk have a detrimental effect on their teeth, as both these articles are common to human beings further investigation will be watched with interest.

Dental decay being the most widespread of all diseases to-day it is essential that every avenue of prevention be explored.

F. A. CASSIDY.

## SPECIAL THERAPY REPORT, 1956-57.

### PROCEDURE.

1. Cases are treated individually and in groups of two, three, or four.
2. A treatment session may last from 20 minutes to one hour and about 15 cases are treated at each centre per day.
3. Parents are seen as frequently as possible and are very co-operative.
4. Cases are frequently referred to School Medical Officers, Psychologists and Dentists for Surgical, Medical, Psychological, Educational, Dental or Orthodontic consultations or treatments necessary to speech re-adjustment.

5. Visits are paid to schools and much valuable assistance is given by head teachers and assistant staff.
6. Especially valuable is the guidance given by the Director of Education, Dr. Anne McAllister (Hon. Consultant) and Miss Calvert (Principal Psychologist).
7. Every possible facility is given by the County Medical Officer, other County Medical Officers and the nursing staff to ensure that the centres are available and as suitable as possible for Speech Therapy Treatment.
8. All Therapists employed by the County are fully qualified in this particular branch of Child Guidance work, and in addition one of the seven is a fully qualified experienced teacher. The ready advice and treatment given at their request by other County Specialists constitutes a team service for every speech-disordered child.
9. Again during this session a number of pre-school children have been admitted for treatment. The results have been very satisfactory.
10. The audiometer (gramophone, puretone and peep-show) is of great assistance in the cases where speech defect is due to partial deafness.
11. The three sound-recording units are a valuable asset in treatment.
12. The speech survey carried out some years ago by the Therapists has been kept up to date by the surveying of all children admitted to school during the current session.
13. In the past year the Glasgow School of the College of Speech Therapists has sent students for observation and clinical training.

BETSY C. McORIST.  
*Senior Speech Therapist.*

## SPECIAL SCHOOLS AND CLASSES.

## SPECIAL SCHOOLS.

*Milton Special School.*

This school caters for mentally handicapped pupils from the Western portion of the County. There are four classes at Milton School with a total roll of 80. There is also an Occupational Centre at Gavinburn with 45 pupils on the roll.

## SPECIAL CLASSES.

- (a) For mentally handicapped children—*Whitecrook School, Clydebank*, with 21 on the roll (one class); *Lairdsland School, Kirkintilloch*, with 18 on the roll (one class). Total number of pupils—39.
- (b) For physically handicapped children—*Hartfield School, Dumbarton*, with 14 on the roll (one class).
- (c) For conservation of vision—*Whitecrook School, Clydebank*, with 6 on the roll (one class); *Hartfield School, Dumbarton*, with 7 on the roll (one class). Total number of pupils—13.
- (d) For deaf-mute children—*Hartfield School, Dumbarton*, with 11 on the roll (one class).

## INSTITUTIONS.

- (1) Number of physically handicapped children in Institutions paid for by the County Council — 14
- (2) Number of mentally handicapped children in Institutions paid for by the County Council — 5
- (3) Number of Blind Persons in training under the Blind Persons Act, 1920 (cost of training borne by the County Council and maintenance by the Local Authority - - - - - Nil.

#### REMOVAL OF TONSILS AND/OR ADENOIDS.

During the year 649 children were operated on for the removal of Tonsils and/or Adenoids. Of these 126 were pre-school children. There still remained at the end of the year 139 children awaiting examination.

This is an increase in the number of operations, 649 as against 518 last year.

#### MEDICAL INSPECTION OF SPECIAL SCHOOLS.

During the present session 157 children, 77 boys and 80 girls, were examined. Of these 109 were found to be mentally defective (educable) and 18 mentally defective (ineducable). 12 had a congenital deformity, while 6 were suffering from other deformities. Clothing and footgear were satisfactory in all but 6 cases, 23 children were found to have a verminous condition of the head and/or body, and 22 children were found to have unhealthy mouths. 50 parents were present at the medical examinations and notices were issued to all parents whose children were found to be suffering from a particular defect.

#### MILK-IN-SCHOOLS SCHEME.

The average number of pupils taking milk-in-schools during Session 1956/57 was 270,864 (approximately 84 per cent. of the roll).

#### ARRANGEMENTS FOR PHYSICAL EDUCATION AND PERSONAL HYGIENE IN SCHOOL.

Details of physical education arrangements are as contained in the Report for 1948-49.

#### ADMISSION OF CHILDREN TO APPROVED SCHOOLS.

During the year 22 children were committed by the Sheriff to the following Institutions:—

Balgary, Dundee.  
 Dalbeth Girls' School, Bishopton.  
 Dr. Guthrie's Boys' School, Edinburgh.  
 Dr. Guthrie's Girls' School, Edinburgh.  
 Kenmure St. Mary's Boys' School, Bishopbriggs, Glasgow.  
 Kibble School, Paisley.  
 Mossbank Approved School, Millerston, Glasgow.  
 Rossie Farm, Montrose.  
 Springboig St. John's Boys' School, Shettleston, Glasgow.  
 St. Joseph's, Tranent.  
 St. Ninian's, Kirkconnel.  
 Thornly Park Approved School, Paisley.

#### ULTRA VIOLET LIGHT TREATMENT.

The following are details of the work done at Dumbarton, Clydebank, Kirkintilloch, Bearsden, Alexandria and Helensburgh Clinics during the year:—

Number of patients treated -	-	138
Total number of attendances -	-	1838
Average number of treatments -	-	70

<i>Cause of Reference.</i>	<i>No. of Patients.</i>	<i>No. Improved.</i>	<i>Condition Unchanged.</i>
Bronchitis, etc. - -	44	41	3
Debility - - - -	72	55	17
Skin Conditions - -	3	2	1
Others - - - -	19	17	2
Totals - - - -	138	115	23

TABLE I.
